

ARMOR PLATE CONCRETE SEALER

- Water Based
- Excellent for both indoors and outdoors
- Ideal for concrete, terra cotta, brick, pavers, clay tiles & a variety of unglazed ceramic tiles
- Fast Drying Time & Easy to Apply
- UV Resistant / Water Resistant – Great for outdoors or areas in direct sunlight
- Forms a wear resistant barrier on surface grease, oil and soiling
- Low Odour Formulation
- **No Discolouration**

ARMOR PLATE CONCRETE CLEANER

- Removes rubber burn marks
- Replaces flammable solvent products for this application
- Contains water soluble solvents
- Allows efficient removal of petroleum oils, grease and rubber tile burns
- Strong alkali buffered system
- Added strength for removal of heavy food generated grease and oils but buffered for added safety and equipment compatibility
- Controlled foam
- Excellent for use with automatic scrubbers and wet-vacuum systems
