

Chemeco Exclusively Imports and Distributes Armor Plate™ Premium Pads.

Our pads are made with the Highest Quality fibres and designed to accompany any Hard Floor Care Range with the Highest Quality Fibres.

Red scrubbing – everyday pad for cleaning and maintaining. Removes scuff marks and dirt on medium traffic areas. Ideal for automatic scrubbing. Use with 350 - 800 RPM machines.

Buffing pads - work most effectively with our polish. You will need only this one type of floor pad when burnishing. They are non-synthetic and outlive all other competitors' floor pads.

Black Cutting – thick & toughest duty, most aggressive scrubbing pad for heavily soiled areas. Best when used for wet cutting or light stripping. Very durable and long-lasting. Use with 175 – 350 RPM machines.

Razorback- long-lasting and offers the highest abrasive content and the best tear resistance of any pad in the line. These pads are designed for heavy-duty wet stripping. Very aggressive texture to remove wax, dirt and any finish. Tough, durable and built to perform. Use with 175 – 350 RPM machines.

Diamondback – For very heavy duty stripping. Best used for poorly maintained floors with years of polish and no stripping.
